HR

Betina je izgrađena na padinama rta Artić. Mjestom dominira barokni zvonik crkve sv. Frane Asiškog, odakle se spušta mreža starih kamenih uličica tipične dalmatinske i mediteranske arhitekture. Zbog iznimne ljepote i očuvanosti povijesne jezgre, zaslužno nosi nadimak "biser Jadrana". U pisanim dokumentima prvi put se spominje 1423. godine.

Betinjani su maslinari, ribari, zanatlije i uzgajivači povrća u plodnom betinskom Poju. Najviše su poznati kao vrsni kalafati – brodograditelji u drvu sa tri stoljeća dugom tradicijom drvene brodogradnje. Škver i nekoliko obiteljskih brodogradilišta učinila su Betinu središtem drvene brodogradnje na Jadranu. Posebno je slavna Betinska gajeta iz 1740. godine, ponos vrijednih Betinjana. Više od pola stoljeća njeguje se tradicija sportova na vodi, kao i tradicija očuvanja kulturne baštine i starih običaja.

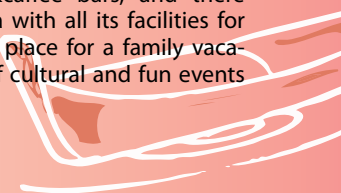

Danas se u Betini sve više ulaže u turizam. Pored prekrasnih plaža, Betina nudi autokampove, privatne apartmane i restorane, cocktail&caffee barove, a tu je i Marina Betina sa svim sadržajima za nautičare. Savršeno je mjesto za miran obiteljski odmor ljeti upotpunjen kulturno – zabavnim programima.

EN

Betina was founded on the slopes of the promontory Artić. The baroque bell tower of the church of St. Francis, from which the network of old stony streets build in typical dalmatian and mediterranean architecture descends towards sea, dominates over the settlement. Thanks to its beauty and the preserved historical core, Betina is nicknamed "the pearl of the Adriatic". It was mentioned for the first time in written documents in 1423.

The inhabitants of Betina are excellent olive and vegetable growers, craftsmen and fishermen. They are best known as skillful kalafati – wooden ship builders with a three century old tradition. The public shipyard and some family-owned have made Betina the center of building of wooden boats on the Adriatic sea. A small boat of Betina called Betinska gajeta from 1740. a pride of diligent people of Betina, has been especially famous. For more than a half century there is a tradition of water sports, as well as tradition of preserving cultural and artistic heritage.

Today the inhabitants have invested in tourism more and more. Beside beautiful beaches, there are camping sites, apartments and restaurants, cocktail&caffee bars, and there is also Marina Betina with all its facilities for boaters. It is perfect place for a family vacation with a variety of cultural and fun events during the summer.
